## Profile

I am a highly motivated, hardworking employee with a strong background in welding, fabricating, assembly, and maintenance. I have an excellent knowledge of hand and measuring tools. I am searching for a job that is challenging hands on, and that will provide me with opportunities to expand my knowledge of the trade.

## Experience

### Welder, DonJon Ship Building And Repair, Erie, Pennsylvania — 2018- present

Flux core welder mild steel parts.

### Welder, General Electric Transportation, Erie, Pennsylvania — 2011-2016

I welded various components together to create a control panel for locomotives. I also moved the components to different staging areas using forklifts and overhead cranes.

### Maintenance Technician, United Copper, Denton, Texas — 2010-2011

I performed preventative and routine maintenance on hydraulic, pneumatic, water, and plastic coating systems. Including, but not limited to, valves, pumps, motors, bearings and rams. I also welded and cut steel plate and pipe to fabricate parts using saws, torches, forklifts, mills, overhead cranes and hand tools.

### Welding Fabricator / Assembler, SMS Millcraft, Oil City, Pennsylvania — 2006-2010

I performed various welding and fabrication tasks on steel plate and pipe that included Stick, MIG, and TIG welding. I also assembled, disassembled and repaired steel molds per blueprints to very tight tolerances using hand tools. I hand ground a finish on copper and nickel mold surfaces and then prepped and painted the parts to completion. I also assisted the maintenance department in order to increase efficiency. In addition, I worked in shipping and receiving to load and unload trucks using forklifts and overhead cranes.

### Welding Fabricator / Maintenance & Assembly Worker, ESM Group INC., Titusville, Pennsylvania 2003-2005

I performed various welding tasks on different types of steel plate and pipe. In addition, I taught other employees how to perform similar tasks. I established new skills and expanded upon prior knowledge by assisting maintenance and assembly workers in order to help increase company productivity.

## **Volunteer Work**

Volunteer Firefighter, West Ridge Volunteer Fire Department, Erie, Pennsylvania — 2011-Present.

Volunteer Firefighter, West Hickory Volunteer Fire Department, West Hickory, Pennsylvania— 2000-present

I responded to emergency situations including fires (commercial and residential), car accidents and emergency medical service calls. I completed several continuing education certification courses during my time as a volunteer including Pennsylvania Emergency Medical Technician, Hazmat Operations, Emergency Vehicle Driver Training, Lockout/Tag out.

## **Education**

Fortis Institute of Erie, Computer Networking — Associate Degree, 2018

West Forest High School, Tionesta, Pennsylvania — Diploma, 2004

Venango Technology Center, Oil City, Pennsylvania — Welding Certificate, 2004

Pennsylvania Skills Certificate in Welding, Oil City, Pennsylvania— 2004

Blueprint Certificate, Oil City, Pennsylvania — 2007

Certified Pennsylvania Emergency Medical Technician, Erie, Pennsylvania — 2012

## **Skills**

- (GMAW) - mild and stainless steel
- (GTAW) - mild and stainless steel, nickel, copper and limited aluminum
- (SMAW) - mild and stainless steel
- Pennsylvania Skills Certificate - Welding
- Ability to read and work from blueprints
- Excellent knowledge and use of hand tools
- General industry safety and health OSHA training
- Fork truck operator
- Overhead crane operator
