## WORK EXPERIENCE

### **Material Handler/Forklift Operator**

US Liner Company - Cranberry, PA - June 2016 to Present

Unload product off of trucks and machines in order to store them on shelves. Also send product to different floors in order for unfinished product to get finished.

### **Laborer**

ProGrass, Inc. - Pittsburgh, PA - February 2015 to August 2015

Help repair or put turf fields together.

### **Field Laborer**

Black Bear Energy Services - Hickory, PA - August 2014 to December 2014

#### Responsibilities

Roustabout work was performed by me and the crew i was working with in the field.

We also did containment work to protect the environment from getting contaminated.

Frac support during the the drilling stage and spotting trucks, and dipping tanks to check for condensation.

#### Skills Used

Operating on equipment like the fork lift or the telehandler, and the skid steer.

### **Unloader/Loader**

LMS Intellibound - Pittsburgh, PA - September 2012 to February 2014

#### Responsibilities

I unloaded Giant Eagle products out of an trailer. I was also responsible of breaking down pallets with different types of products. You also have to separate them in order for them to be recieved and stored.
