OBJECTIVE

Full Time Employment

EXPERIENCE

Laborer, KJ Demolition

belle vernon, PA

07/2016 - PRESENT

I have performed many aspects of construction labor. Working safely is also the number one focus. I have operated heavy machinery like excavators and Front end loaders. I have done jack hammering and pouring concrete. I have also done demolition and burning as well as assisting carpenters with their duties and various other tasks.

Laborer, Allegheny Diamond Services

Sutersville, PA

04/2016 - 06/2016

I have performed many aspects of construction labor. Working safely is also the number one focus. I have operated heavy machinery like excavators and front end loaders. I have done jack hammering and pouring concrete]. I have also done demolition and burning as well as assisting carpenters with their duties and various other tasks.

Laborer, PJ Dick

Pittsburgh, PA

05/2015 - 12/2015

I have performed many aspects of construction labor. Working safely is also the number one focus. I have operated heavy machinery like excavators and skid steerer. I have done jack hammering and pouring concrete. I have also done demolition and burning as well as assisting carpenters with their duties and various other tasks.

Utility Person, U.S. Steel Clairton Works

Clairton, PA

05/2010 - 05/2015

Working safely was always my number one priority. I was responsible for keeping battery emissions within county compliance. Prior to this position I worked in production running machinery, using hand tools and doing physical labor/ simple maintenance. I am familiar with working with hydraulic and pneumatic equipment and also have some welding and burning experience. I too have worked with overhead cranes, jib cranes, and forklifts. I am used to working outdoors in extreme conditions, along with wearing all personal protective equipment and following OSHA regulations. Proficient in Microsoft word, excel, outlook, power point, and SAP.
