Work Experience

Extruder Machine Operator

West Pharmaceutical Services - Saint Petersburg, FL

August 2023 to Present

I operate an extruder operator my main job is to set the machine up and to program it to the work order that goes with the material. I load the gear pump up and once it's loaded i start it up.

Sander

Pace industries - Latrobe, PA

June 2023 to August 2023

I am a sander. I sand motorcycle products which is called deburring them. occasionally i get moved to the cell it's another sander but it's dirtier.

Straightener Operator

DYNAMET - Clearwater, FL

August 2021 to February 2023

Straight out coils into bars that are made out of titanium metal, stainless steel or cp material. I have to use a micrometer to make sure the bars are the right size for my straightener. And gotta load the right amount of coils onto the straightener so it runs right. Gotta change dies and cutter depending upon what material I am using. The bars range from 8'-12' long.

Press Operator

Preform specialty - Blairsville, PA

July 2013 to April 2021

Ran a press machine it compacted carbon material to make various things and ranged from 5lbs-100lbs but depending upon what I was doing and the carbon powder got packed into bags all I did was place the bag in where it was needed and took it out once it was done.

Construction

D&G Construction - Derry, PA

January 2010 to July 2013

Made decks, cut grass, did flooring whatever came with construction.

Roofer

JM BUILDERS - Latrobe, PA

May 2007 to May 2009

I was a roofer I laid singles

Shipping and Receiving

Laurel foam - Latrobe, PA
August 1988 to June 2006

In charge of shipping and receiving

Laborer

Pace Industries Airo Division - Latrobe, PA
March 2006 to May 2006

Unsure of the exact dates only there for 2 months but I was a sander I sanded motorcycle parts.

Education

High school diploma

Derry Area Shs - Derry, PA
September 1974 to June 1988

Skills

- Micrometer
- Forklift
